

Exclusive VA Options and Accessories

Custom Manual Options & ACCESSORIES

The Quickie Service Appreciation Program was designed to give back to those who have given so much to our country. Quickie has extended these exclusive features and options to our soldiers to express our gratitude and respect for the lives they have dedicated to the preservation of freedom and justice. Our family and friends sleep well at night and enjoy the liberty of the greatest country on earth because of your selfless acts.

Show your military pride! Six military service patches are available on the Jay J3 backrest and tension adjustable upholstery.
